

PMP is NOT INSURANCE...

It's better!

With insurance, you pay for coverage you may never use. With our Preventative Medicine Programs, you get all the services you pay for in an affordably priced plan that spreads the cost conveniently over twelve months.

Enroll your dog today.

With the PMP, you'll help your dog live a longer, healthier life while also saving on the overall cost of veterinary care. Each plan more than pays for itself!

Add Heartworm Prevention and/or flea control to your Preventive Medicine Program for Additional Savings
